

BESTAANDE SITUATIE

This site plan illustrates the existing layout of a farm complex. The plan is bounded by a red line on the left and a red line on the right, with a dashed line at the top. Key features include:

- Buildings:** Four rectangular buildings are shown, each labeled "GEBOUW 325,00 m²" and "stal 325,00 m²". A larger building is labeled "GEBOUW 625,00 m²" and "stal 625,00 m²". A smaller building is labeled "42,50 m²". A building at the bottom right is labeled "94,40 m²".
- Silos:** A circular silo is labeled "mengmeetsilo" and "SILO 313,53 m²". A smaller silo is labeled "SILO 313,53 m²".
- Landscaping:** Various trees and shrubs are shown, including a large tree on the left, a cluster of trees on the right, and a row of trees at the bottom.
- Dimensions:** Numerous dimensions are provided for buildings, silos, and landscaping. For example, the large building has a width of 26,000 and a height of 12,500. The circular silo has a diameter of 19,980.
- Boundaries:** The plan shows the "nieuwe bouwgrens (?)" (new building boundary) and the "oude bouwgrens" (old building boundary).
- Other Features:** A "VERHARDING 1.044,38 m²" (paved area) is shown at the bottom. A "20,00 m²" area is marked near the bottom right.
