Betula pendula (Ruwe berk)

Pinus sylvestris (Grove den)

Quercus robur (Zomereik)

Quercus rubra (Amerikaanse eik)

The site plan illustrates the layout of Boslaan 3, featuring several building footprints (orange) and green spaces (green). The plan includes a legend for building types, green spaces, and trees. The site is divided into four main sections, each labeled with a number (1, 2, 3, 4) and a 'voorgevel' (front facade) label. The plan also shows various green spaces, including open areas (light green) and wooded areas (dark green). A scale bar at the bottom right indicates distances from 0 to 50 meters. A north arrow is located at the bottom left.
