

## **INVOERGEGEVENS ACHTERGRONDBELASTING GEUR**

Ten behoeve van de berekening van de achtergrondbelasting dienen de veehouderijen binnen een straal van 2 kilometer rondom de onderzoekslocatie beoordeeld te worden. Hiertoe zijn alle bedrijven in de gemeenten Nuenen, Helmond en Laarbeek ingevoerd. De invoergegevens van deze bedrijven voor het programma V-Stacks gebied zijn afkomstig uit de database van het Bestand Veehouderijbedrijven van de provincie Noord- Brabant (uitvoer 6 november 2020).
